

**GIVE A MEMO MIRACLE TO A CHILD THIS CHRISTMAS**

I frequently ask our volunteers why they volunteer their time and money to MEMO. They almost always answer that when they were young, their parents taught them to help others!

Susan Janetti tells us that we have no idea what a huge difference even a small gift can make in the life of an orphan child. We hope this email MEMO gift catalogue will aid you in this task this Christmas.

You will receive many similar requests this season, but MEMO is different in that it has no paid employees. That means every cent you give is spent on making sure your gift goes where it is intended.

The Zimbabwe Gecko Society, (ZGS) a ministry of the EFCCM, helps Zimbabwe Christian nationals care for over 3000 AIDs orphans in destitute Zimbabwe. Your gift of love will help to fill and pay \$23,000 for shipping an ocean container directly to the orphanages and clinics in Zimbabwe.

You can be a “**Miracle Maker**” this Christmas.

Thank you,

Jerome Harvey, M.D.,

Director, Medical Equipment Modernization Opportunity (MEMO) <memoministry.org>
